Dear Mr. Curran,

It is with great fanfare I write this letter in response to your wonderful Elvis Show performed here at Sony Pictures Studios.

Your selection of song material, vocal delivery, costume, and entire presentation was top notch, thoroughly professional, and most enjoyed by all who attended; including the Vice- Chairman, President, and VP's of our division.

Mark, we have heard nothing but raves about your show and we are certain to hire you again for our next big event.

Please feel free to use me as a reference any time you wish and please display this letter as testimonial and recommendation for any prospective clients interested in hiring you.

You are indeed one of the best!

Sincerely,

A handwritten signature in black ink that reads 'Andrew Morgan'.
